Section 1. Letter of Invitation

New Delhi

Date: October, 2021

1. Introduction

AKIC Project is proposed to be structured around the Eastern Dedicated Freight Corridor (EDFC) as the backbone and also utilizing the existing highway in this route. AKIC will also leverage the Inland Water way which is being developed along National Waterway-1 extending from Allahabad to Haldia.

Gol has initiated the national programme, “Make-In-India” to promote manufacturing sector in a comprehensive manner. The program aims to facilitate investment, foster innovation, enhance skill development, protect intellectual property, and build best-in-class manufacturing infrastructure. On the other hand, contribution of manufacturing sector to overall GDP in India is still lower as compared to that of fast developing economies in the region like Thailand, China, Indonesia and Malaysia.

Thus, what is seen is that at the national level, there is clearly an opportunity to steer industrial corridor development in a collective & coordinated fashion.

The Amritsar Kolkata Industrial Corridor proposes to address the infrastructure bottlenecks through a holistic approach while benefiting from the inherent strengths and competitiveness of each of the AKIC states. Accordingly, market driven Integrated Manufacturing Clusters (IMCs) are proposed to be developed, at strategic locations, within the corridor to provide transparent and investment friendly facility regimes. These IMCs are proposed to be self-sustained nodes with world-class infrastructure, road and rail connectivity for freight movement to and from ports and logistics hubs, served by reliable power, quality social infrastructure, and provide a globally competitive environment conducive for setting up businesses.

Therefore, National Industrial Corridor Development Corporation Limited (NICDC) (Client) invites proposals to undertake following assignment (“The Assignment”):

“Preparation of Preliminary Design Report for Roads & Services/ Utilities for Integrated Manufacturing Cluster (IMC) at Prayagraj in Uttar Pradesh under Amritsar Kolkata Industrial Corridor (AKIC) Project”.

The detailed scope of services is provided in the Terms of Reference.

2. Objectives

The objective of this RFP is to engage a consultant for **Preparation of Preliminary Design Report for Roads & Services/ Utilities for Integrated Manufacturing Cluster (IMC) at Prayagraj in Uttar Pradesh under Amritsar Kolkata Industrial Corridor (AKIC) Project.**

3. A Consultant will be selected under Combined Quality cum Cost Based Selection (CQCCBS) and procedures described in this RFP.

Section 2. Instructions to Consultants

2.1 Introduction

- 2.1.1 The Client named in the data sheet will select a consulting firm/ organisation (the Consultant), in accordance with the method of selection specified in the data sheet. Applicants are advised that the selection of consultant shall be on the basis of an evaluation by Client through the selection process specified in this RFP (the “Selection Process”). Applicants shall be deemed to have understood and agreed that no explanation or justification for any aspect of the Selection Process will be given and that Client’s decisions are without any right of appeal whatsoever.
- 2.1.2 **The Applicants shall submit the proposals online through GeM Portal i.e., <https://gem.gov.in/>. Bid proposals received in the manual form at the client’s address will not be accepted.**
- 2.1.3 The term “Applicant” refers to a single entity or the group of entities coming together to execute the assignment. The Proposal will form the basis for contract signing with the selected Consultant. The Consultant shall carry out the preliminary design and prepare tender documents for selection of contractor and review the contractors’ detailed designs of works in the project area in accordance with the Terms of Reference of this RFP (the “TOR”).
- 2.1.4 **The Applicant shall submit the Proposal in the form and manner specified in this RFP. Proposals must be submitted online as per the date and time mentioned in this document. Hard copies of documents as specified in this RFP should also be submitted to NICDC Office as per the time and date mentioned in this RFP. It is the responsibility of the Bidder to submit the bid before the last date and time on the online portal, and NICDC shall not be responsible for any delay due to any of the technical/ server issues.**
- 2.1.5 The Proposal shall be submitted as per the forms given in relevant sections herewith. Upon selection, the Applicant shall be required to enter into a contract with the Client in the form specified in this RFP (the “Contract”).
- 2.1.6 Applicants should familiarize themselves with local conditions and take them into account in preparing their Proposals.
- 2.1.7 The Client will timely provide, at no cost to the Consultants, the inputs and facilities required to carry out the services, and provide relevant project data and reports related to the Assignment available with the Client. However, for avoidance of doubt, it is hereby clarified that the aforesaid data/ information provided under the RFP or to be provided later, is only indicative and solely for the purposes of rendering assistance to the Applicants towards preparation of their Proposals. The Applicants are hereby advised to undertake their own due diligence (to their complete satisfaction) before placing reliance on any such data/information furnished or to be provided later by the Client and/ or any of his consultants.
- 2.1.8 Applicants shall bear all costs associated with the preparation and submission of their proposals, and their participation in the Selection process, and presentation including but not limited to postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by Client or any other costs incurred in connection with or relating to its Proposal. The Client is not bound to accept any Proposal, and reserves the

right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Applicants.

- 2.1.9 Client requires that the Consultant provides professional, objective, and impartial advice and at all times hold Client's interests' paramount, avoid conflicts with other assignments or its own interests, and act without any consideration for future work. The Consultant shall not accept or engage in any assignment that may place it in a position of not being able to carry out the assignment in the best interests of Client and the Project.
- 2.1.10 It is the Client's policy to require that the Consultants observe the highest standard of ethics during the Selection Process and execution of such contracts. In pursuance of this policy, the Client:
1. defines, for the purposes of this provision, the terms set forth below as follows:
 - a) "Corrupt practice" means the offering, giving, receiving, or soliciting anything of value to influence the action of officials in the Selection Process or in contract execution; and
 - b) "Fraudulent practice" means a misrepresentation of facts in order to influence the selection process or the execution of a contract in a way which is detrimental to the Client, and includes collusive practices among consultants (prior to or after submission of proposals) designed to establish prices at artificial, non-competitive levels and to deprive the Client of the benefits of free and open competition.
 2. will reject the Proposal for award if it determines that the Applicant has engaged in corrupt or fraudulent activities in competing for the contract in question;
 3. will declare an Applicant ineligible, either indefinitely or for a stated period of time, to be awarded a contract if it at any time determines that the Applicant has engaged in corrupt or fraudulent practices in competing for and in executing the contract.
- 2.1.11 All members of the consortium are required to follow the highest level of work ethics, if any member of the consortium has a Conflict of Interest or indulge in "Prohibited Practices"; the whole Consortium is liable to be disqualified. Further, in the event any entity has been barred or blacklisted by the Central Government, any State Government, a statutory authority or a public sector undertaking, as the case may be, from participating in any project or bid during the last 5 (Five) years, and the bar subsists as on the date of the Proposal Due Date, it would not be eligible to submit a Proposal either by itself or as part of a Consortium.
- 2.1.12 Arbitration: If any dispute or difference of any kind whatsoever arises between the parties in connection with or arising out of or relating to or under this RFP, the parties shall promptly and in good faith negotiate with a view to its amicable resolution and settlement. In the event no amicable resolution or settlement is reached within a period of thirty (30) days from the date on which the above-mentioned dispute or difference arose, such dispute or difference shall be finally settled by arbitration. The arbitral tribunal shall consist of a sole arbitrator appointed by mutual agreement of the parties. In case of failure of the parties to mutually agree on the name of a sole arbitrator, the arbitral tribunal shall consist of three arbitrators. Each party shall appoint one arbitrator and the two arbitrators so appointed shall jointly appoint the third arbitrator. The seat of arbitration shall be New Delhi – India and the arbitration shall be conducted in the English language. The Arbitration and Conciliation Act, 1996 shall govern the arbitral proceedings. The award rendered by the arbitral tribunal shall be final and binding on the parties.

- 2.1.13 Termination of Contract: Client will have the right to terminate the contract by giving 30 (thirty) days written notice. In the event of termination for no fault of Consultant, the Client will reimburse all the expenses incurred by the Consultant (upon submission of proof) including closing-up of the project. If the contract is terminated due to the fault of the Consultant or in case of termination of the contract by the Consultant for reasons not attributable to the Client, the Client will forfeit the performance security of the Consultant.
- 2.1.14 Details related to timelines and submission of deliverables at each stage is given in the TOR.
- 2.1.15 The Proposal shall be valid for a period of not less than 180 (one hundred and eighty) days from the Proposal Due Date (the “PDD”).

2.1.16 Brief Description of the Selection Process:

The Client has adopted a two-stage selection process (collectively the “Selection Process”) for evaluating the Proposals. The Bids shall comprise of two parts namely Technical Qualification and Financial Proposals. The Technical Qualification Proposal shall be submitted online along with the processing fee and bid security. Also, along with the Technical Qualification Proposal, the bidder shall provide the breakup of the financial bid in percentage (%) for the sake of determination of remuneration and OPE considered by the applicant. The same shall be provided as a percentage back calculated from the “financial quote” in the format as provided in the **Form 30**. The bidder shall in no condition mention any unit rate in the prescribed form. The Financial Proposal shall also be submitted online in the relevant sections. Based on this technical evaluation, a list of technically qualified Applicants shall be prepared. Only the Financial Proposals of technically qualified Applicants will be opened. Proposals will finally be ranked according to their combined technical and financial scores as specified in this RFP. The first ranked Applicant (the — Selected Applicant) shall be invited for Negotiations while the second ranked Applicant will be kept in reserve.

- 2.1.17 Number of Proposals: No Applicant or its Associate shall submit more than one Application for the Consultancy. An Applicant applying individually or as a member of a consortium shall not be entitled to submit another application either individually or as a member of any consortium, as the case may be.
- 2.1.18 Visit to the Client and Verification of Information: Applicants are encouraged to submit their respective Proposals after visiting the office of the Client or its delegates as the case may be, and ascertaining for themselves the availability of documents and other data with the Client, Applicable Laws and regulations or any other matter considered relevant by them.
- 2.1.19 Right to reject any or all Proposals:
1. Notwithstanding anything contained in this RFP, the Client reserves the right to accept or reject any Proposal and to annul the Selection Process and reject all Proposals, at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons thereof.
 2. Without prejudice to the generality of above, the Client reserves the right to reject any Proposal if:
 - a) at any time, a material misrepresentation is made or discovered, or
 - b) the Applicant does not provide, within the time specified by the Client, the supplemental information sought by the Client for evaluation of the Proposal.

3. Such misrepresentation/ improper response by the Applicant may lead to the disqualification of the Applicant. If such disqualification/ rejection occurs after the Proposals have been opened and the highest-ranking Applicant gets disqualified/ rejected, then the Client reserves the right to consider the next best Applicant, or take any other measure as may be deemed fit in the sole discretion of the Client, including annulment of the Selection Process.

2.1.20 Acknowledgement by Applicant

1. It shall be deemed that by submitting the Proposal, the Applicant has:
 - a) made a complete and careful examination of the RFP;
 - b) received all relevant information requested from the Client;
 - c) accepted the risk of inadequacy, error or mistake in the information provided in the RFP or furnished by or on behalf of the Client;
 - d) satisfied itself about all matters, things and information, including matters herein above, necessary and required for submitting an informed Application and performance of all of its obligations there under;
 - e) acknowledged that it does not have a Conflict of Interest; and
 - f) agreed to be bound by the undertaking provided by it under and in term hereof.
2. The Client and/ or its advisors/ consultants shall not be liable for any omission, mistake or error on the part of the Applicant in respect of any of the above or on account of any matter or thing arising out of or concerning or relating to RFP or the Selection Process, including any error or mistake therein or in any information or data given by the Client and/ or its consultant.

- 2.6.7 An Applicant or its Associate should have, during the last 3 (three) years, neither failed to perform on any agreement, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement or arbitration award against the Applicant or its Associate, nor been expelled from any project or agreement nor have had any agreement terminated for breach by such Applicant or its Associate.
- 2.6.8 In case the Applicant is a Consortium, it shall, comply with the following additional requirements:
1. Number of members in a consortium shall not exceed 3 (three);
 2. Subject to the provisions of sub-clause (1) above, the Application should contain the information required for each member of the Consortium;
 3. Members of the Consortium shall nominate one member as the lead member (the "Lead Firm"). The nomination(s) shall be supported by a Power of Attorney, as per the format in this RFP, signed by all the other members of the Consortium. The duties, responsibilities and powers of such Lead firm shall be specifically included in the joint Bidding Agreement. It is expected that the Lead Firm would be authorized to incur liabilities and to receive instructions and payments for and on behalf of the Consortium.
 4. The Application should include a brief description of the roles and responsibilities of individual members;
 5. An individual Applicant cannot at the same time be a member of a Consortium applying for the Assignment. Further, a member of a particular Applicant Consortium cannot be member of any other Applicant Consortium applying for the Assignment;
 6. No Change in the composition of the Consortium will be permitted by the Client during the Selection Process and during the subsistence of the contract (in case the successful applicant/ consultant is a consortium).
 7. Members of the Consortium shall enter into a binding Joint Bidding Agreement (the "Jt. Bidding Agreement"), for the purpose of submitting a Proposal. The Jt. Bidding Agreement, to be submitted along with the Application, shall, inter alia:
 - a) clearly outline the proposed roles and responsibilities, if any, of each member;
 - b) include a statement to the effect that all members of the Consortium shall be liable jointly and severally for all obligations of the Consultant in relation to the Assignment until the completion of the Assignment in accordance with the contract and the TOR;
 - c) clearly define the proposed administrative arrangements (organisation chart) for the management and execution of the Assignment, if awarded to the Consortium;
 - d) except as provided under this RFP, there shall not be any amendment to the Jt. Bidding Agreement without the prior written consent of the Client.

2.7 Preparation of proposal

- 2.7.1 Consultants are requested to submit their Proposal online only and in English language and strictly in the formats provided in this RFP. The Client will evaluate only those Proposals that are received in the specified forms and complete in all respects.

- 2.7.2 In preparing their Proposal, Consultants are expected to thoroughly examine the RFP Document. Material deficiencies in providing the information requested may result in rejection of a Proposal.
- 2.7.3 Technical Qualification Proposal: While preparing the Technical Qualification Proposal, Consultants must give particular attention to the following:
1. The team leader proposed must be permanent full-time employees of the firm responsible entirely for all the Project related matters. It is desirable that the other key staff be either permanent full-time employees of the firm or have a dedicated full-time contract to work on this project.
 2. If any key staff proposed is not a permanent employee of the Applicant (including in case of a JV, of its members), a certificate from the consultant and key staff must be furnished mentioning his/ her availability for the project. In the absence of such certificate, his/ her CV will not be evaluated.
 3. Consultant is to ensure that the time allocated for the proposed key staff does not conflict with the time allocated or proposed for any other assignment. The Client reserves the right to request a workload projection (including time spent on other projects/clients) for the key staff.
 4. The composition of the proposed Team and Task Assignment to individual personnel shall be clearly stated.
 5. No such key personnel shall be proposed for any position if the CV of the personnel does not meet the requirements of the TOR.
 6. The key personnel shall remain available for the period as indicated in the RFP.
 7. No alternative proposal for any key personnel shall be made and only one CV for each position shall be furnished.
 8. Each CV needs to have been recently signed by the key personnel and/or countersigned by the authorized official of the Firm. At the time of submission of bid proposal, the scanned copies of the signature of key personnel will be allowed but at the time of signing of contract, the original signature will be required. However, in both the cases, original counter signature of Authorised signatory shall be required in original.
 9. A CV shall be summarily rejected if the educational qualification of the key personnel proposed does not match with the requirement as given in the RFP.
 10. Client certifications for the projects listed under the experience section. The certifications must confirm the project attributes (size, fee, duration etc) and the scope of work on the projects.
 11. The Applicant should form a Joint Venture/ Consortium with his Associate in case he wants to submit the proposal using the experience/ strength of his Associate.
 12. If the Applicant being a Consortium is qualified on the strength of the experience of a member which is a foreign company/ entity, requisite key personnel from that foreign company/ entity shall be fielded.
 13. The personnel proposed should possess good working knowledge of English Language.
 14. No key personnel involved should have attained the age of 70 (seventy) years at the time of submitting the proposal. The client reserves the right to ask for proof of age, qualification and experience at any stage of the project.
 15. The technical proposal must not include any financial information

- 2.7.4 Failure to comply with the requirements spelt out above shall lead to the deduction of marks during the evaluation. Further, in such a case, Client will be entitled to reject the Proposal.
- 2.7.5 Proposals shall be typed or written in indelible ink and signed by the Authorised Representative of the Applicant who shall initial each page, in blue ink. In case of printed and published documents, only the cover shall be initialled. All the alterations, omissions, additions, or any other amendments made to the Proposal shall be initialled by the person(s) signing the Proposal. The Proposals must be properly signed by the Authorised Representative (the "Authorised Representative") as detailed below:
1. by the proprietor in case of a proprietary firm;
 2. by a partner, in case of a partnership firm and/or a limited liability partnership; or
 3. by a duly authorised person holding the Power of Attorney, in case of a Limited Company or a corporation; or
 4. by the Authorised Representative of the Lead Firm, in case of consortium; and,
 5. Power of Attorney, for the Authorised Representative and or the Lead Firm of the Consortium, if applicable, is executed as per Applicable Laws.
- 2.7.6 Applicants should note the Proposal Due Date (PDD), as specified in Data Sheet, for submission of Proposals. Except as specifically provided in this RFP, no supplementary material will be entertained by the Client, and that evaluation will be carried out only on the basis of Documents received by the closing time of Proposal Due Date as specified in Data Sheet. Applicants will ordinarily not be asked to provide additional material information or documents subsequent to the date of submission, and unsolicited material if submitted will be summarily rejected. For the avoidance of doubt, the Client reserves the right to seek clarifications in case the proposal is non-responsive on any aspects.
- 2.7.7 The Proposal shall be accompanied by a certified copy of legally binding Joint Bidding Agreement in case of JV/consortium, in the format provided in this RFP, signed by all firms/entities confirming the following therein:
1. Date and place of signing
 2. Purpose of JV/Consortium (must include the details of the Services hereunder for which the JV/Consortium has been invited to bid)
 3. A clear and definite description of the proposed administrative arrangements (organisation chart) for the management and execution of the assignment
 4. Delineation of duties/ responsibilities and scope of work to be undertaken by each member along with resources committed by each member of the JV/Consortium for the proposed services
 5. An undertaking that the members of the JV/ Consortium are jointly and severally liable to the Client for the performance of the services and
 6. The authorized representative of the JV/ Consortium (as approved by a Board resolution of Member-in-Charge).

The furnishing of this Joint Bidding Agreement to the Client shall not in any manner prejudice the provisions in the contract relating to joint and severe liability of the Members.

- 2.7.8 Similarly, Power of Attorney for both authorised representative and lead member of the JV/Consortium shall also be furnished as per the formats available in the RFP.
- 2.7.9 A firm can bid for a project either as a sole consultant or in the form of JV/Consortium with other consultant. Experience of sub-consultant will not be considered while evaluating the bid.
- 2.7.10 The Technical Qualification Proposal should provide the following information using the attached Standard Forms.
1. For recent assignments of similar nature, the outline should indicate, inter alia, the profiles and names of the staff provided, duration of the assignment, contract amount, and firm's involvement.
 2. The comments and suggestions provided by the Applicant on the RFP/ Contract/ TOR are not binding and shall not affect the financial proposal.
 3. Detailed Approach and Methodology for undertaking the current Assignment.
 4. Against the list of proposed staff, details of tasks assigned to each staff as per his/ her experience shall influence the evaluation.
 5. Each page of the CV must be signed in original by the Authorised representative together with original or electronic signature of the key team member at the proposal stage. However, at the time of contract signing, original signatures of both authorised representative and the key staffs shall be required.
 6. The consultant shall make the assessment of support personnel both technical and administrative to undertake the Assignment. Additional support and administrative staff shall be provided as needed for the timely completion of the Assignment within the total estimated cost. Consultant should provide time estimates of key staff as well as support staff in the staffing schedule. It is stressed that the time period for the Assignment indicated in the TOR should be strictly adhered to.
 7. Ongoing projects can be submitted with detail of progress supported by suitable documents wherever the same is permitted in individual categories of projects required to be submitted as per the RFP. Projects/ assignments completed up to 80 percent or more shall only be considered for evaluation but marks awarded for such projects shall only be up to 80 percent of maximum marks. The Applicant shall provide the proof that the project is completed up to 80 percent through copy of invoice or payment received till date or through certificate from the respective client.
 8. Details of eligible projects as per the Standard Forms so as to meet the Minimum of Projects required under the Technical Qualification Criteria prescribed in this RFP.
 9. Financial Proposal Declaration Form (Form 30) as per the format provided in this RFP.
- 2.7.11 Financial proposal: While preparing the Financial Proposal, Consultants are expected to take into account the various requirements and conditions stipulated in this RFP document. The Financial Proposal should be a lump sum Proposal inclusive of all the costs including but not limited to all taxes associated with the Assignment. While submitting the Financial Proposal, the Consultant shall ensure the following:
1. All the costs associated with the Assignment shall be included in the Financial Proposal. These shall normally cover remuneration for all the personnel (Expatriate and Resident, in the field, office, etc), accommodation, air fare, transportation, equipment, printing of documents, secondary and primary data collection, etc. The total amount indicated in the

Financial Proposal shall be without any condition attached or subject to any assumption, and shall be final and binding. In case any assumption or condition is indicated in the Financial Proposal, it shall be considered non-responsive and liable to be rejected.

2. The Financial Proposal shall take into account all the expenses and tax liabilities and cost of insurance specified in the draft contract, levies and other impositions applicable under the prevailing law on the Consultants, sub-consultants and their staff. For the avoidance of doubt, it is clarified that all taxes, excluding GST, shall be deemed to be included in the cost shown under different items of Financial Proposal. The Consultant shall be paid only GST over and above the cost of Financial Proposal. Further, all payments shall be subjected to deduction of taxes at source as per Applicable Laws.

2.7.12 The proposal should be submitted in the relevant section on the GeM Portal.

2.7.13 The financial Proposal shall be divided into professional fee and out of pocket expenses as per forms prescribed in this RFP. The break-up of remunerations and out of pocket expenses should match the total cost of Financial Proposal. Forms showing the breakup of Remuneration & Out of Pocket Expense (OPE), Forms 4A, 4B, 4C, 4D & 4E, shall be required to be submitted by the "successful bidder" (or of subsequent bidders, if required) matching to the percentage (%) breakup as mentioned in Form 3O.

2.7.14 Consultants shall express the price of their services in Indian Rupees only.

2.7.15 The Consultants may be subjected to local taxes (such as service tax, social charges or income taxes on non-resident foreign personnel, duties, fees, levies etc) on amounts payable by the Client under the Contract. Consultants must do their due diligence about the tax implications and Client will not be liable for any incident.

2.7.16 The Proposals must remain valid for a period as specified in the Data Sheet. During this period, the consultant is expected to keep available the professional staff proposed for the assignment. The Client will make its best effort to complete contract signing within this period. If the Client wishes to extend the validity period of the proposals, it may ask the consultants to extend the validity of their proposals for a stated period. Consultants, who do not agree, have the right not to extend the validity of their proposals.

2.8 Submission, receipt and opening of proposals

2.8.1 The Proposal shall be prepared in indelible ink. It shall contain no inter-lineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialled by the person or persons who sign(s) the Proposal.

2.8.2 The Authorised Representative of the Applicant should initial all pages of Technical Qualification and Financial proposal. The Authorised Representative's authorisation should be confirmed by a written power of attorney by the competent authority accompanying the Proposal.

2.8.3 The Applicant shall submit the proposals online at the Central Public Procurement Portal. Proposals submitted at the client's address manually will be rejected.

2.8.4 Proposal submissions:

2.8.5 Any Proposal received after the closing time for submission of Proposals will not be accepted.

2.8.6 After the Proposal submission until the contract is awarded, if any Consultant wishes to contact the Client on any matter related to its proposal, it should do so in writing at the Proposal submission address. Any effort by the firm to influence the Client during the Proposal evaluation, Proposal comparison or contract award decisions may result in the rejection of the consultant’s proposal.

2.9 Proposal evaluation

2.9.1 As part of the evaluation, the Technical Qualification Proposal submission shall be checked for responsiveness in accordance with the requirements of the RFP and will be evaluated if the Applicant meets the prescribed Minimum Qualification Criteria. Subsequently, only those Technical Proposals which are found to be responsive and meeting the Minimum Technical Qualification Criteria would be further evaluated (Marked) in accordance with the criteria set out in this RFP document.

2.9.2 Prior to evaluation of Proposals, the Client will determine whether each Proposal is responsive to the requirements of the RFP at each evaluation stage as indicated below. The Client may, in its sole discretion, reject any Proposal that is not responsive hereunder. A Proposal will be considered responsive at each stage only if:

RFP Stage

1. The Technical Qualification Proposal is received in the form specified in this RFP;
2. it is received by the Proposal Due Date including any extension thereof in terms hereof;
3. It is accompanied by the Processing Fee and bid security as specified in this RFP;
4. It is signed and marked as stipulated in this RFP;
5. It is accompanied by Joint Bidding Agreement, the Power of Attorney, for the Authorised Representative and the Lead Firm of the Consortium, if applicable;
6. It does not contain any condition or qualification; and
7. It is not non-responsive in terms hereof.
8. Financial Declaration Form is received and figures are mentioned in percentage only as per the format – Form 30

Financial Proposal

1. The Financial Proposal is received in the form specified in this RFP;
2. It is signed and marked as stipulated in this RFP;
3. It does not contain any condition or qualification; and
4. It is not non-responsive in terms hereof.

The Client reserves the right to reject any Proposal which is non-responsive and no request for alteration, modification, substitution or withdrawal will be entertained by the Client in respect of such Proposals. However, client reserves the right to seek clarifications from the applicant during the evaluation process. The Client will subsequently examine and evaluate Proposals in accordance with the Selection Process detailed out below.

2.9.3 As part of the evaluation, the Technical Qualification Proposals submitted should fulfil the Technical Qualification Criteria. In case an Applicant does not fulfil the Technical Qualification Criteria, the Technical Proposal of such an Applicant will not be evaluated further.

2.9.4 **Technical Qualification Criteria:**

<p>Projects 'a' 'b' and 'c' shall be collectively referred to as "Eligible Projects". For Eligible Projects, ongoing projects completed to 80 percent can be considered. For 'a', 'b', and 'c', a single project can qualify for all three categories. In that event, it will be counted as one project separately for each category; however, a maximum of one such project shall be admissible.</p>		

2.9.5 **Technical Evaluation Criteria:** The evaluation committee ("Evaluation Committee") appointed by the Client will carry out the evaluation of Proposals on the basis of the following evaluation criteria and points system. Each evaluated Proposal will be given a technical score (St) as detailed below. The maximum points/ marks to be given under each of the evaluation criteria are:

Clause	Evaluation Criteria	Points
(a)	<p>Specific experience of the consultants related to the Assignment</p> <p>The firm should have undertaken / completed 5 nos. of similar project of Master Planning and Preliminary Engineering/ Detailed Project Report for various trunk infrastructure components.</p> <p>The said project experience shall comprise of at least three different infrastructure components in the last ten years preceding the PDD, will be considered for the purpose of qualification. The minimum technical score required to qualify technical evaluation is 70 Points out of 100. A proposal will be considered unsuitable and will be rejected at this stage if it does not respond to important aspects of RFP Document and the Terms of Reference or if it fails to achieve the minimum technical score. The Client will notify Applicants who fail to score the minimum technical score about the same and return their Financial Proposals unopened after completing the selection process.

- 2.9.6 The Client will notify the Applicants who secure the minimum qualifying technical score, indicating the date and time set for opening the Financial Proposals. The notification may be sent by registered letter, facsimile, or electronic mail.
- 2.9.7 The Financial Proposals will be opened publicly in the presence of Applicants’ representatives who choose to attend. The name of the Applicants, their technical scores and the proposed prices will be read aloud and recorded when the Financial Proposals are opened.
- 2.9.8 Prior to evaluation of the Financial Proposals, the Evaluation Committee will determine whether the Financial Proposals are complete in all respects, unqualified and unconditional, and submitted in accordance with the terms hereof.

The cost indicated in the Financial Proposal shall be deemed as final and reflecting the total cost of services and should be stated in INR only. Omissions, if any, in costing of any item shall not entitle the Applicant to be compensated and the liability to fulfil its obligations as per the Terms of Reference within the total quoted price shall be that of the Applicant. The evaluation shall exclude those taxes, duties, fees, levies and other charges imposed under the Applicable Law as applicable on foreign and domestic inputs. The lowest Financial Proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be determined using the following formula:

$$Sf = 100 \times Fm/F;$$

in which Sf is the financial score, Fm is the lowest Financial Proposal, and F is the Financial Proposal (in INR) under consideration.

Proposals will be finally be ranked in accordance with their combined technical (St) and financial (Sf) scores:

$$S = St \times Tw + Sf \times Fw;$$

where S is the combined score, and Tw and Fw are weights assigned to Technical Proposal and Financial Proposal that will be 0.80:0.20.

The Applicant achieving the highest combined technical and financial score will be considered to be the successful Applicant and will be invited for contract signing (the "Successful Applicant").

2.10 Correction of Errors

The Financial Bids of the successful bidder (or subsequent bidder, if required) will be checked by the Client (NICDC) for any arithmetic errors. Errors will be corrected by the Client (NICDC) as follows:

- a) Where there is a discrepancy between the rates in figures and in words, the rate in words will govern; and
- b) Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern.
- c) Whenever there is a difference between the Financial Quote (as submitted by the Applicant) and the corrected value (after arithmetic verification), the lower of the two values will prevail.

2.11 Negotiation

- 2.11.1 The Selected Applicant may, if necessary be invited for negotiations. The negotiations shall generally not be for reducing the price of the Proposal, but will be for re-confirming the obligations of the Consultant under this RFP. Issues such a deployment of Key Personnel, understanding of the Scope of Work, methodology and quality of the work plan shall be discussed during the negotiations. In case, the Selected Applicant fails to reconfirm its commitment, the Client reserve the right to designate the next ranked Applicant as the Selected Applicant and invite it for negotiations.

- 2.11.2 The Client will examine the CVs of all other Key Personnel and those not found suitable shall be replaced by the Applicant to the satisfaction of the Client.
- 2.11.3 The Client will not normally consider substitutions except in cases of incapacity of key personnel for reasons of health. Similarly, after award of contract the Client expects all of the proposed key personnel to be available during implementation of the contract. The Client will not consider substitutions during contract implementation except under exceptional circumstances up to a maximum of two (2) personnel and that too by only equally or better qualified and experienced personnel. During the course of providing services, substitution of key personnel in excess of two (2) Key Personnel would call for reduction in the remuneration, which will not exceed 80 (eighty) percent of the remuneration agreed for the Original Key personnel against first replacement, thereafter reduction at the rate of 10% of the original quoted rates in respect of each subsequent replacement i.e., 70%, 60% and so on.

2.12 Award of contract

- 2.12.1 After selection, a Letter of Award (the "LOA") will be issued, in duplicate, by the Client to the Successful Applicant and the Successful Applicant shall, within 7 (seven) days of the receipt of the LOA, sign and return the duplicate copy of the LOA in acknowledgement thereof. In the event the duplicate copy of the LOA duly signed by the Successful Applicant is not received by the stipulated date, the Client may, unless it consents to extension of time for submission thereof, appropriate the Bid Security of such Applicant as mutually agreed genuine pre-estimated loss and damage suffered by the Client on account of failure of the Successful Applicant to acknowledge the LOA, and the next highest-ranking Applicant may be considered.
- 2.12.2 Performance Security: Performance Security equivalent to 3 (three) percent of the total cost of Financial Proposal shall be furnished from a nationalised/ Scheduled Bank, before signing of the contract, in form of a Bank Guarantee in the format specified at Annexure of the contract. For the successful bidder the Performance Security will be retained by Client until the completion of the assignment by the Consultant and will be released 180 (One Hundred Eighty) Days after the completion of the assignment.
- 2.12.3 Execution of contract: After acknowledgement of the LOA and furnishing of Performance Security as aforesaid by the Successful Applicant, it shall execute the Agreement within 30 (thirty) days from the date of issue of LOA. The Successful Applicant shall not be entitled to seek any deviation in the Agreement
- 2.12.4 Commencement of Assignment: The Successful Applicant/ Consultant is expected to commence the Assignment on the date of Commencement of Services as prescribed in the General Conditions of Contract. If the Successful Applicant fails to either sign the Agreement or commence the assignment as specified herein, the Client may invite the second ranked Applicant for contract signing. In such an event, the Bid Security/ Performance Security, as the case may be, of the first ranked Applicant shall be liable to be forfeited by the Client.

2.13 Confidentiality

Information relating to evaluation of proposals and recommendations concerning awards of contract shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the contract.

2.14 Fraud and corrupt practices

- 2.14.1 The Applicants and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Selection Process. Notwithstanding anything to the contrary contained in this RFP, the Client will reject a Proposal without being liable in any manner whatsoever to the Applicant, if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice (collectively the “Prohibited Practices”) in the Selection Process. In such an event, the Client will, without prejudice to its any other rights or remedies, forfeit and appropriate the Bid Security, as mutually agreed genuine pre-estimated compensation and damages payable to the Client for, inter alia, time, cost and effort of the Client, in regard to the RFP, including consideration and evaluation of such Applicant’s Proposal.
- 2.14.2 Without prejudice to the rights of the Client under this Clause, hereinabove and the rights and remedies which the Client may have under the LOA or the Agreement, if an Applicant or Consultant, as the case may be, is found by the Client to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Selection Process, or after the issue of the LOA or the execution of the Agreement, such Applicant or Consultant shall not be eligible to participate in any tender or RFP issued by the Client during a period of 2 (two) years from the date such Applicant or Consultant, as the case may be, is found by the Client to have directly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.
- 2.14.3 For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

RFP dated [date] for selection of consultant for [name of assignment]

Dear Sir,

With reference to your RFP Document dated [date], we, having examined all relevant documents and understood their contents, hereby submit our Technical Proposal for selection as [name of assignment]. The Proposal is unconditional and unqualified.

We are submitting our Proposal as [sole applicant/ JV/Consortium] [with] [insert a list with full name and address of each Joint Venture Consultant].

If negotiations are held during the period of validity of the Proposal, we undertake to negotiate in accordance with the RFP. Our Proposal is binding upon us, subject only to the modifications resulting from negotiations in accordance with the RFP.

We understand you are not bound to accept any Proposal you receive.

Further:

1. We acknowledge that Client will be relying on the information provided in the Proposal and the documents accompanying the Proposal for selection of the Consultant, and we certify that all information provided in the Proposal and in the supporting documents is true and correct, nothing has been omitted which renders such information misleading; and all documents accompanying such Proposal are true copies of their respective originals.
2. This statement is made for the express purpose of appointment as the Consultant for the aforesaid Project.
3. We shall make available to Client any additional information it may deem necessary or require for supplementing or authenticating the Proposal.
4. We acknowledge the right of Client to reject our application without assigning any reason or otherwise and hereby waive our right to challenge the same on any account whatsoever.
5. We certify that in the last 3 (three) years, we have neither failed to perform on any contract, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement

or arbitration award against the Applicant, nor been expelled from any project or contract by any public authority nor have had any contract terminated by any public authority for breach on our part.

6. We declare that:
 - a) We have examined and have no reservations to the RFP, including any Addendum issued by the Authority;
 - b) We do not have any conflict of interest in accordance with the terms of the RFP;
 - c) We have not directly or indirectly or through an agent engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as defined in the RFP document, in respect of any tender or request for proposal issued by or any agreement entered into with Client or any other public sector enterprise or any government, Central or State; and
 - d) We hereby certify that we have taken steps to ensure that no person acting for us or on our behalf will engage in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice.
7. We understand that you may cancel the selection process at any time and that you are neither bound to accept any Proposal that you may receive nor to select the Consultant, without incurring any liability to the Applicants.
8. We declare that we are not a member of any other Consortium/JV applying for selection as a Consultant.
9. We certify that in regard to matters other than security and integrity of the country, we or any of our affiliates have not been convicted by a court of law or indicted or adverse orders passed by a regulatory authority which would cast a doubt on our ability to undertake the Consultancy for the Project or which relates to a grave offence that outrages the moral sense of the community.
10. We further certify that in regard to matters relating to security and integrity of the country, we have not been charge-sheeted by any agency of the Government or convicted by a court of law for any offence committed by us or by any of our affiliates. We further certify that neither we nor any of our consortium members have been barred by the central government, any state government, a statutory body or any public sector undertaking, as the case may be, from participating in any project or bid, and that any such bar, if any, does not subsist as on the date of this RFP.
11. We further certify that no investigation by a regulatory authority is pending either against us or against our affiliates or against our CEO or any of our Directors/ Managers/ employees.
12. We hereby irrevocably waive any right or remedy which we may have at any stage at law or howsoever otherwise arising to challenge or question any decision taken by Client in connection with the selection of Consultant or in connection with the selection process itself in respect of the above-mentioned Project.

13. We agree and understand that the proposal is subject to the provisions of the RFP document. In no case, shall we have any claim or right of whatsoever nature if the consultancy for the Project is not awarded to us or our proposal is not opened or rejected.
14. In the event of our being selected as the Consultant, we agree to enter into a Contract in accordance with the contract prescribed in the RFP. We agree not to seek any changes in the aforesaid form and agree to abide by the same.
15. We have studied RFP and all other documents carefully. We understand that except to the extent as expressly set forth in the Contract, we shall have no claim, right or title arising out of any documents or information provided to us by Client or in respect of any matter arising out of or concerning or relating to the selection process including the award of consultancy.
16. The Financial Proposal is being submitted in a separate cover. This Technical Proposal read with the Financial Proposal shall be binding on us.
17. We agree and undertake to abide by all the terms and conditions of the RFP Document.

We remain,

Yours sincerely,

RFP dated [date] for selection of consultant for [name of assignment]

Dear Sir,

With reference to your RFP Document dated [date], we, having examined all relevant documents and understood their contents, hereby submit our Technical Proposal for selection as [name of assignment]. The Proposal is unconditional and unqualified.

We are submitting our Proposal as [sole applicant/ JV/ Consortium] [with] [insert a list with full name and address of each Joint Venture/ Consortium/ Consultant].

If negotiations are held during the period of validity of the Proposal, we undertake to negotiate in accordance with the RFP. Our Proposal is binding upon us, subject only to the modifications resulting from technical discussions in accordance with the RFP.

We understand you are not bound to accept any Proposal you receive.

Further:

1. We acknowledge that NICDC will be relying on the information provided in the Proposal and the documents accompanying the Proposal for selection of the Consultant, and we certify that all information provided in the Proposal and in the supporting documents is true and correct, nothing has been omitted which renders such information misleading; and all documents accompanying such Proposal are true copies of their respective originals.
2. This statement is made for the express purpose of appointment as the Consultant for the aforesaid Project.
3. We shall make available to NICDC any additional information it may deem necessary or require for supplementing or authenticating the Proposal.
4. We acknowledge the right of NICDC to reject our application without assigning any reason or otherwise and hereby waive our right to challenge the same on any account whatsoever.
5. We certify that in the last 3 (three) years, we have neither failed to perform on any contract, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement or arbitration award against the Applicant, nor been expelled from any project or contract by any public authority nor have had any contract terminated by any public authority for breach on our part.

6. We declare that:
 - a) We have examined and have no reservations to the RFP, including any Addendum issued by the Authority;
 - b) We do not have any conflict of interest in accordance with the terms of the RFP;
 - c) We have not directly or indirectly or through an agent engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as defined in the RFP document, in respect of any tender or request for proposal issued by or any agreement entered into with NICDC or any other public sector enterprise or any government, Central or State; and
 - d) We hereby certify that we have taken steps to ensure that no person acting for us or on our behalf will engage in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice.
7. We understand that you may cancel the selection process at any time and that you are neither bound to accept any Proposal that you may receive nor to select the Consultant, without incurring any liability to the Applicants.
8. We declare that we are not a member of any other Consortium/JV applying for selection as a Consultant.
9. We certify that in regard to matters other than security and integrity of the country, we or any of our affiliates have not been convicted by a court of law or indicted or adverse orders passed by a regulatory authority which would cast a doubt on our ability to undertake the Consultancy for the Project or which relates to a grave offence that outrages the moral sense of the community.
10. We further certify that in regard to matters relating to security and integrity of the country, we have not been charge-sheeted by any agency of the Government or convicted by a court of law for any offence committed by us or by any of our affiliates. We further certify that neither we nor any of our consortium members have been barred by the central government, any state government, a statutory body or any public sector undertaking, as the case may be, from participating in any project or bid, and that any such bar, if any, does not subsist as on the date of this RFP.
11. We further certify that no investigation by a regulatory authority is pending either against us or against our affiliates or against our CEO or any of our Directors/ Managers/ employees.
12. We hereby irrevocably waive any right or remedy which we may have at any stage at law or howsoever otherwise arising to challenge or question any decision taken by NICDC in connection with the selection of Consultant or in connection with the selection process itself in respect of the above-mentioned Project.
13. We agree and understand that the proposal is subject to the provisions of the RFP document. In no case, shall we have any claim or right of whatsoever nature if the consultancy for the Project is not awarded to us or our proposal is not opened or rejected.
14. In the event of our being selected as the Consultant, we agree to enter into a Contract in accordance with the contract prescribed in the RFP. We agree not to seek any changes in the aforesaid form and agree to abide by the same.

15. We have studied RFP and all other documents carefully. We understand that except to the extent as expressly set forth in the Contract, we shall have no claim, right or title arising out of any documents or information provided to us by NICDC or in respect of any matter arising out of or concerning or relating to the selection process including the award of consultancy.
16. The Financial Proposal is being submitted in a separate cover. This Technical Proposal read with the Financial Proposal shall be binding on us.
17. We agree and undertake to abide by all the terms and conditions of the RFP Document.

We remain,

Yours sincerely,

Section 5. Terms of Reference

Background

National Industrial Corridor Development Corporation Ltd (NICDC) is undertaking the activities related to Preparation of Preliminary Engineering for Integrated Manufacturing Cluster (IMC) at Prayagraj in Uttar Pradesh under Amritsar Kolkata Industrial Corridor (AKIC) Project. An area of approximately 1,141 acres has been demarcated for the development of brownfield site at Saraswati City at Prayagraj. Further, State Govt. has identified additional 200 acres of land adjacent to Saraswati City which may be developed as part of the Prayagraj IMC. The site map is enclosed as Annexure C.

5.1 Objectives of the assignment

5.1.1 The objectives of the assignment are:

1. To review the master plan and other available reports and apprise themselves of the theme and concept for the Node which takes into account the unique value proposition, the existing physical characteristics of the site and the current and future market demand as envisaged by the master plan. To align the overall master plan with the objectives of National Master Plan for providing multimodal connectivity to economic zones.
2. To review the provision of rail / DFCC, roads and highway structures, structures and all utility services for example, drainage, electricity, gas, ICT, water, sewerage etc, including treatment plants, raw water transmission mains, sewage collection, industrial water and recycled water for irrigation & flushing, as described in the notified/ in principle approved maps, report and in other relevant documents. Develop strategies including sustainability (during and after construction) which will allow for phased construction in accordance with the Client's mandate.
3. To realize the bigger picture of brownfield development of site by integration of old and new infrastructure.
4. To prepare a baseline and best practices manual based on various benchmarking studies relevant for the project (including national and international studies).
5. To prepare preliminary engineering design and drawings for roads, highway structures and utility services for the designated area within the identified Economic Node site incorporating strategies for sustainability, value addition and value engineering. To achieve the National Industrial Corridor objective of development of world class economic nodes and clusters, it is essential that the planning and design for trunk level infrastructure should meet the best international practices, specifications and standards in terms of quality and sustainability. The development of the Economic Node has been envisioned, conceptualised and planned to meet these quality standards and aspects of sustainability. To ensure that the design and the preliminary engineering is done with the objective of delivering world class trunk infrastructure to global size and scale, it is necessary that the same should comply with the related best international practices, methods, specifications and standards with respect to planning and designing of infrastructure by using internationally accepted standards in respect of this assignment. The consultant should first identify the best practices & then derive and

adopt the international standards, specifications which are best suited for translating the vision of National Industrial Corridor to reality.

6. Based on financial and technical assessment the consultant shall work out the appropriate implementation structure (EPC/PPP) and industrialization to be worked out in consultation with client.
7. To prepare technical schedules of tender and bidding documents for issuing contracts for entire area in package(s), if required.
8. Investment promotion and marketing strategy formulation along with preparing a list of investors and supporting the authority in investor outreach activities.
9. The consultant shall also provide necessary information and prepare documents as per the formats provided by NICDC for budgetary approvals and fund allocation for project implementation.
10. Financial/ Market Analysis: The consultant should undertake review of the financial analysis for the project, which will also include estimation of financial internal rate of returns IRR etc. for the project.
11. The consultant shall validate the Environmental Clearance (EC) obtained for the project and shall suggest modifications (if required) and accordingly secure the EC for the project.

5.1.2 The consultant shall perform all works as necessary to fulfil the objectives of the assignment. The indicative man months for key staff are provided. However, the consultants are free to make their own estimate of man months required for effective execution of the project.

5.1.3 While estimating man months it has been assumed that each expert will be assisted by an adequate number of support staff.

5.1.4 The consultancy assignment shall be carried out in the following parallel or overlapping parts as the case may be:

Part A: Inception of the Project

Part B: Review of existing Master Plan and ongoing Implementation Works

Part C: Preliminary Design of Roads and Infrastructure within the designated area

Part D: Business Plan, Financial Modelling and Project Structuring

Part E: Preparation of tender documents and drawings for selection of Contractor(s) for Balance Works

Part F: Validation of Environment Clearance for the Project

5.2 Detailed scope of services for Part A: Inception of the project

5.2.1 The consultant, after Team mobilization, shall prepare and submit an Inception report. The inception report shall spell out clearly the following, but not limited to:

- a) A detailed work schedule as mentioned above
- b) Details of Team mobilization including Key experts and the support team
- c) Logistics arrangements, if any
- d) Details of the survey to be conducted
- e) Identification of the data sources

5.3 Detailed scope of services for Part B: Review of existing Master Plan and ongoing Implementation Works

5.3.1 General

The consultant shall review the findings of the Master Plan and information related to economic sectors and industry types to carry out a Market Report specific to the proposed Economic Node. This shall include:

1. A macroeconomic review of the region to assess regional and locational strengths and constraints and analysing the investment climate with respect to existing resources and potential sectors that would influence the successful development of the proposed project;
2. Developing the estimate for the likely space demand from the identified target industries for space within the project,
3. Special infrastructure requirements to market the project to targeted companies;
4. An analysis of the regulatory and policy scenario and institutional mechanism along with the incentives offered by the Central/ State Government. In addition, the consultant will identify policy incentives available as per Central and State Government policies for applicable industries;
5. Inventory of existing, on-going and proposed land use, industry and infrastructure development initiatives in the vicinity of the proposed project area;
6. Validation of product mix of the project which will include among other things, a list of industries and activities with land requirements.

5.3.2 The consultant should prepare a comprehensive infrastructure plan for the Master Plan of Saraswati Hi Tech City incorporating the construction work already executed and are to be planned. The infrastructure plan should be developed in tandem with the Master Plan and based on the need assessment for the Park. The following components may form part of the infrastructure plan, which are indicative. The Consultant based on the analysis may suggest additional/ appropriate infrastructure facilities along with their demand and spatial requirements.

Sector	Aspect
Physical Infrastructure	Site Development, Roads, Storm Water Drainage, comprehensive water Supply System, Sewerage System and Treatment and recycling system, rain water harvesting system, Waste Management- Domestic and Hazardous, Power Transmission and distribution system, street lighting, landscaping services, Access control, visual elements and signages, data & communication, security, etc.
Industrial Infrastructure	Developed Plots, Built to Suit units, Logistic Hub, Warehouses, Flatted Factory and plug and play facilities
Common Amenities & Social Infrastructure	Training Centre, Administrative Block, Conference Facility, Service Area for Bank/ Courier/ Spares, Canteen/ food court, Crèche, Fire Tender, First aid and medical facilities
Industrial, Residential, Commercial, Institutional Infrastructure	Developed Plots

Others	Others as spelt out in the master plan
--------	--

- 5.4.1.1 The Consultant will review the master plan/ other important documents and identify the context under which the Node is proposed to be developed. In carrying out the review the consultant will apprise themselves of the following:
- The theme and concept for the proposed Node which takes into account the unique value proposition, the existing physical characteristics of the site and the current and future market demand as envisaged in the Master Plan.
 - Master Plan shall be reviewed along with any initial observations related to demand assessments for infrastructure and utilities.
 - Any other related reports developed by other state or central agencies related to external connectivity or trunk infrastructure that may have an impact on the identified Economic Node.
 - Any initial observations or deviations related to the above shall be highlighted by the consultant as a part of their review report.
- 5.4.1.2 The Consultant shall conduct an analysis of existing climatic conditions and flora of the region for inputs into the master plan of the demarcated area. Prior to conducting the analysis, the details which are readily and authentically available with reference to fresh scientific parameters, should be checked.
- 5.4.1.3 The Consultant shall conduct an assessment of existing infrastructure in the site and analyze the availability of water, power, transportation and other relevant services for use of the project and projected demand. Site assessment and related parameters should be checked with the existing available studies, to avoid misconceptions and at the same time, to match the vision of development.
- 5.4.1.4 The Consultant shall assess the existing planning regulations for ease in implementation of the project. The consultant shall ensure that the project is developed within the overall planning regulations applicable for the site.
- 5.4.1.5 The consultant shall review and suggest the integration of all multimodal connectivity for the site with all infrastructure linkages like roadways, railways, airways, gas lines, power lines, ICT network, etc. as per the vision of National Master Plan.
- 5.4.1.6 The Consultant shall Co-ordinate with State implementing agency regarding the development work already executed. The Consultant shall suggest best practices in the implementation methodology for works already under execution, if required.
- 5.4.1.7 The validation & updation of the existing master plan shall be derived based on the requirements of the industry and functionality with self-contained facilities. The plan should focus on environment friendly and sustainable physical and common infrastructure components considering the opportunities and constraints of the site.
- 5.4.1.8 The master plan shall be guided by the applicable development guidelines of the State Govt. The design philosophy should prioritize various aspects viz., circulation, land suitability, environmental sustainability and topography to optimize various land uses
- 5.4.1.9 The guiding principle for validating & updating the master plan should be to incorporate the principles of an eco-industrial park by maximizing green space and open spaces, and provision of green belts. Thus, the design should envisage functional and accessible workplaces by incorporating prudent and scientific planning, integrated green energy features including the following:
- Location of industrial activities based on the processes and outputs

- Providing efficient access to the main road from all sides of the park
- Common facilities to support industrial activities
- Decentralised facilities for easy access to the users of the park
- Provision of infrastructure facilities based on the site characteristics, topography and functionality
- Provision of social and common amenities
- Exclusive zones for ancillaries, MSME's and support services

5.4.1.10 The updated Master Plan (if required) should incorporate phase wise development including the construction activity already executed inside the park, if required so, without comprising on the original form and shape.

5.4.1.11 Suggest development control rules for the said project like FAR, ground coverage etc. for various land use zones proposed in the proposed master plan.

5.3.3 Based on the assessment of the master plan and infrastructure works already executed, the designated area for carrying out the preliminary engineering is to be finalized. Designated area shall include the area where balance infrastructure works are to be implemented as part of the approved Master Plan.

5.4 Detailed Scope of Services for Part C: Preliminary Design of Roads and Infrastructure within the designated area

5.4.1 General

5.4.1.1 The intent of this part is to prepare integrated preliminary engineering design of all roads and utility services within the designated area. The Consultant shall design services to each parcel giving provision for individual connections and metering for each parcel as defined in the Site Survey and Finalisation of Maps report. The Consultant shall refer previous studies and reports and make reasonable estimates with regards to the land use and population in each parcel and provide but not limited to typical arrangements, numbers, locations and demand for each parcel. The Preliminary Design Report shall form the basis of further works in this assignment.

5.4.1.2 The Consultant shall conduct a roads and utility infrastructure assessment of the site based on the product mix, Site Survey and Finalisation of Maps report. The assessments shall include but not be limited to demand and systems analysis of road network, drinking water, recycled water, industrial water, power, sewage, storm water, gas and telecom networks. The systems shall be designed keeping the O&M and ultimate management in perspective. The details include, but not limited to, the following:

- a) Investigate and identify existing and/or proposed traffic and transportation modes existing in the project influence area and vicinity.
- b) Investigate availability and capacity of existing utility infrastructure if any.
- c) Investigate jurisdictional agencies and their standards and requirements (i.e., central, state and local governments, environmental agencies and other relevant agencies).
- d) Obtain information on preferred local construction materials.
- e) Establish horizontal and vertical control for mass grading based on available information however, GTS benchmarks are preferred.
- f) Prepare contour information for proposed sub-grade for the total site. The level of accuracy shall

not be less than that of input information.

- g) Coordinate with local telecommunications/ cable companies and provide corridors to accommodate their duct bank system along with the other project support systems.
- h) Investigate the details pertaining to existing highway structures (if any) (e.g. river crossings) and identify the same.
- i) Coordinate with local gas supply companies and provide corridors to accommodate the network system along with the other project support systems.
- j) Coordinate with Power network company and provide the corridor and space to accommodate the electrical network system.
- k) Consultant shall coordinate with the stakeholders to study, analyze and if required, further strengthen the water supply scheme prepared by Client.

5.4.1.3 The Consultant shall coordinate design coordination workshops in order to coordinate the design interface between service connections from adjoining areas. Consultant to incorporate requirements such as below but not limited to:

- a) Accommodating service alignments to treatment plants
- b) Accommodating discharge capacities in the trunk network from adjoining area
- c) Accommodating additional capacities in the treatment plants for discharges from adjoining areas
- d) Pumping infrastructure (if any)
- e) Flood management measures to be implemented
- f) Any other requirements generated during coordination meetings for seamless integration of services from adjoining areas.

5.4.1.4 Interface management: The Consultant shall manage the interface of various services in the designated area and from adjoining areas to ensure seamless integration of services. The Consultant shall also manage interface of services in case implementation is carried out through multiple contractors.

5.4.1.5 The Consultant shall coordinate between various state agencies and other stakeholders in order to incorporate requirements and considerations. The Consultant shall coordinate preliminary design of roads, highway structures and infrastructure with the design of other elements being carried out by these agencies. It is the intent of the Client to carry out detailed design and execution of key infrastructure such as WTP, STP and CETP by separate agencies. The Consultant shall either leave provision for such elements or coordinate with those agencies if appointed during the tenure of this assignment.

5.4.1.6 The Consultant shall propose specific measures and engineering design to mitigate any detrimental aspect for all roads and services.

5.4.1.7 The Consultant shall study and consider the implications of such flood management measures for all roads and services in the designated area.

5.4.1.8 In consultations with the Client and other stakeholders, the Consultant shall assess limitations such as no discharge of treated water, storm water etc. The Consultant shall make/ leave specific provisions in the preliminary design of services/ utilities addressing such limitations.

5.4.1.9 The Consultants shall evolve the preliminary design using latest available software and methodologies currently prevailing in the respective sectors of roads and utility service design.

5.4.1.10 The Consultant shall provide all the relevant technical specifications as a part of the Preliminary

Design Report which will act as a reference for the contractor(s) to carry out Detailed Design activities.

5.4.1.11 The Consultant shall consider the following key aspects regarding sustainability:

- a) Use of waste and manufacturing/ process by-products in construction
- b) Use renewable energy (solar, wind, geo-thermal etc.)
- c) Use technology that require less water during the construction of infrastructure
- d) Recycle and reuse of water and waste
- e) Integrated solid waste Management and energy recovery from the solid waste.
- f) Efficient use and minimize power losses in power network.

5.4.1.12 The Consultant shall prepare the necessary details to carry out site grading as per the master plan in view of the existing drainage system, HFL and other considerations. The Consultant shall use all necessary means of representation at its disposal to convey the intent of such works that shall be based on principles of sustainability.

- Site grading to suit the site condition and plan proposal
- Site grading to suit Storm Water Drainage System & flood control
- Grading Plan with Formation Levels on basis of contour survey plans
- Site Sections.

5.4.2 Design Basis Report

5.4.2.1 The Consultant shall prepare a Design Basis Report for all balance works for roads, highway structures and utility services that are part of this assignment. The Consultant shall identify and verify necessary existing conditions, soil conditions, climatic conditions and usage requirements in considerations while formulating the design basis for roads and utility services in the designated area.

5.4.2.2 As part of the design basis, the Consultant shall assess alternatives wherever applicable incorporating aspects related to sustainability and illustrate methods that will increase efficiency of the network, potential sourcing of materials, technology available, technical parameters, phasing of infrastructure and decrease time required for implementation.

5.4.2.3 The Consultant shall ensure that their designs are value-engineered, economised and optimised as far as possible, with respect to ease of construction, construction time, construction cost and life cycle cost. The Consultant shall demonstrate this by developing technically feasible alternative design options in the design basis report, comparing the time and cost of impacts of these options and presenting the same to the client for their approval.

5.4.2.4 The Consultant shall also explore strategies to phase various roads during implementation stage in order to meet incremental traffic demands. The Consultant shall assess the road cross sections and examine the efficiency of provision of services, and suggest alternatives if required for the road cross section and position of services for efficient implementation and operations and maintenance.

5.4.2.5 In case of wet services constituting water supply, sewerage disposal, effluent disposal and drainage, the Consultant shall explore all options aiming towards a recycle-reuse-recharge policy and a zero-discharge principle. The Consultant shall propose strategies for monitoring the network for leaks and minimizing unaccounted- for-water (UFW). The Consultant shall propose

methodologies for metering for various land uses and activities in the designated area.

- 5.4.3 The consultant shall prepare the Concept design & architectural drawings with area statement of floor plates for the proposed buildings for common amenities and specialized technical infrastructure and physical infrastructure with all MEP systems including allocation and sizing of built up areas for various activities and common facilities, road networks, storm water drainage network with recharge facilities, comprehensive water supply system, sewerage system along with STP and recycling of treated waste water for green/ landscaped areas, electrical distribution Centre along with locations and capacities of transformers, landscaping plan, solid waste management system, access control in the form of entry/exit, security, appropriate fire hydrant systems, etc.
- 5.4.4 The Consultant should ensure that the infrastructure and facilities planned should be world class on plug & play format. The detailing of architectural design & drawings (master plan, infrastructural plan, typical floor plans, elevations, unit & block layouts for core infrastructures, basic infrastructures, social infrastructures etc.) should be Good for bidding drawings. Besides this, the consultants shall provide the detailed specifications and functional requirements for all elements including MEPs.
- 5.4.5 The Consultant should also incorporate environmentally sustainable practices in the planning and design of infrastructure and common facilities to enable Saraswati Hi Tech City to meet the requirements of a green industrial park.
- 5.4.6 The Consultant shall validate technical specifications, functional requirements, and the block cost estimates in line with the applicable standard data and schedule of rates for all the physical components along with all calculations and details required for third party peer review / audit and clarify any queries raised by the peer reviewer. The Consultants should provide details of basic assumptions for unit prices, physical contingencies, price contingencies, escalation and other cost components.
- 5.4.7 **Preliminary design for all roads**
- 5.4.7.1 The preliminary design of roads will include but not be limited to complete layout of the proposed road network as per the agreed cross sections with all the features shown thereon new alignment including interface and other elements of the overall project.
- 5.4.7.2 Typical Road Cross Sections and Road Network layout shall be based on the Site Survey and Finalisation of Maps report recommendations; typical cross sections have been prepared. Consultants have to review, update and revise the road cross sections incorporating main carriageway, service road (if required). The road cross sections and layout should be designed with emphasis on incorporate pedestrians and non-motorised transport movement, public transport and para-transits, public transport routes, segregating/ dedicating lanes for Heavy Occupancy Vehicle (HOV)/ commercial vehicle movement, freight terminals, if any. The road network layout should be designed in a flexible manner so that it can adopt future interventions.
- 5.4.7.3 Pavement Cross Sections: consultant has to design the pavement cross sections for all categories of roads based on the projected traffic of the demarcated area. The traffic will form the basis for design of pavement. Consultant has to advise on suitable pavement type depending on the site conditions and soil CBR. The pavement shall be done strictly based on the provisions of IRC and

standards MORTH codes. Pavement shall be designed typically for repetition of wheel loads in terms of standard axles over a design period as per IRC standards.

- 5.4.7.4 Bridges and culverts shall be designed for IRC loading class 70 R and for seismic forces for appropriate zones. All activities related to field studies, preliminary design and documentation shall be done as per the latest guidelines/ circulars of MORTH and relevant publications of the Indian Roads Congress (IRC) and Bureau of Indian Standards (BIS). For aspects not covered by IRC and BIS, international standard practices, such as, British and American Standards may be adopted. The required utility services through the bridges and culvert to be considered.
- 5.4.7.5 Geometric design: Road geometry should be designed based on IRC guidelines and international codes also to be referred in case of any missing data. The preliminary design should support overall drainage of the site. Latest design software such as MX road/ /Open Roads or similar latest detailing softwares has to be used for the same. Design analysis and any other software output has to be shared with the client.
- 5.4.7.6 Drainage design: A detailed preliminary layout of the drainage to be decided and the same has to be agreed with the client before final submission. This also has to be integrated with the existing drainage around the site if any. The drainage design should be done for all surface and sub surface drainage including junctions. The existing data on rainfall, flood history, existing stream all has to be studied in detail before preparing drainage plan.
- 5.4.7.7 Junction Design: as part of the overall preliminary engineering of road network, the intersections have to be designed based on the traffic projections. Consultants has to identify best suitable warrants for major intersections in the study area including but not limited to area traffic control systems, signalised intersections, roundabouts, grade separated interchanges, etc. Consultants have to provide preliminary designs based on projected traffic for each of the development phases. Consultant should come out with innovative traffic management techniques that help in reducing cost of construction such as state of art area level traffic signalling system that increase the traffic handling capacity of intersections.
- 5.4.7.8 The Consultant shall identify suitable locations for provision of bus bays, drop-offs and bus shelters on the proposed road network. As far as possible, bus bays shall not be located on horizontal curves, summit of vertical curves and bridges. Good visibility must be ensured. Further, the bus bays should not be too close to major intersections. The length of each such bus bay shall also be indicated.
- 5.4.7.9 Apart from the above, the consultant will also have to take up following as a part of preliminary design report.
- a) Traffic circulation plan, utility relocation plan and Layout of service road connections, acceleration/ deceleration and sheltered lanes
 - b) Planning and layout of protection works like retaining/ toe walls, pre-loading, ground treatment based on geotechnical data, slope protection, bunds, embankments, and drains
 - c) Preliminary design of structures like bridges, underpasses, flyovers, pedestrian underpasses/ crossings, ROBs, indicating the approximate sections and GAD.
 - d) Traffic management plan during construction
 - e) Road signing and marking plans, including overhead and variable message signs, Pavement Markings, Safety Barriers, Railings, Delineators, Chevron Markings, Traffic Attenuators and crash barriers.
 - f) Overall Circulation and Traffic Management System for entire site.

- 5.4.7.10 The alignment design shall be verified for available sight distances as per the standard norms. The provision of appropriate markings and signs shall be made wherever the existing site conditions do not permit the adherence to the sight distance requirements as per the standard norms. The consultants shall make detailed analysis of traffic flow and level of service for the existing road and workout the traffic flow capacity for the improved project road. The requirement for separate climbing lanes along steep gradients for heavy trucks shall be investigated and operational analysis shall be carried out for the provision. International best practices may be referred, wherever the recommendations are not available as per the Indian codes, international codes may be referred.
- 5.4.7.11 The Consultant shall also prepare details for at-grade junctions, which may be adopted as alternative to the grade separated structures/ flyovers/ underpass which may be implemented at a later date. The geometric design of interchanges shall take into account the site conditions, turning movement characteristics, level of service, overall economy and operational safety.
- 5.4.7.12 The road network including main roads and service roads is to be developed for Industrial Township. The design of geometric elements shall, therefore, take into account the essential requirements of such developments.
- 5.4.7.13 The design for roads shall take into consideration provision of MRT/ LRT/ BRT network in the future.
- 5.4.7.14 The Consultant shall prepare the preliminary design for landscape works along all roads within the project area such that contractors can be engaged for detailed design and execution. Details of landscape works shall include the following but not limited to:
- a) Plantation scheme and plant palette in median/ green buffer/ green strip along roads/ traffic islands/ road embankment
 - b) Preliminary design and materials of footpath pavement/ cycle tracks as part of the road cross-sections
 - c) Preliminary design and specifications of street furniture including but not limited to bus stops, drop-offs, seating, street lighting, green areas (hard and soft landscape) etc.
 - d) Preliminary design and specifications of street lighting, footpath lighting etc.
 - e) Any other landscape elements/ components in relation to roads and services/ utilities.
- 5.4.7.15 The design drawings for geometric elements shall cover, but not be limited to the following major heads:
- a) Site layout showing the proposed work (project schematic)
 - b) Typical cross-sections with utility services
 - c) Geometric design drawing of city roads which will include plan and profile;
 - d) Geometric design drawing of service roads which will include plan and profile;
 - e) Preparation of junction design;
 - f) Preparation of drainage layout and typical drain details
 - g) Typical details of proposed culverts
 - h) GADs of minor and major bridges and other structures
 - i) Typical details of road protection work
 - j) Road safety design

5.4.8 Preliminary design for potable, industrial and recycled water supply network

- 5.4.8.1 The Consultant shall review/ reevaluate available Site Survey and Finalisation of Maps report including

norms, scheme etc in terms of regional aspects and long term and short-term validity of schemes.

- 5.4.8.2 The Consultant shall study the proposed Water Supply system, available/ proposed water resources plan and study future plans. Consultant shall also work out the norms and standards required for the services after studying relevant codes, standards, norms and state level practices in particular CPHEEO manuals.
- 5.4.8.3 The Consultant shall evaluate the quality and quantity of underground and surface water sources at the site, determine adequacy, recommend the water build-up for each year of development for industrial units, domestic use, institutional requirements, commercial requirements, fire-fighting, wastage, etc. It is anticipated that some of the industrial and irrigation water demand can be met with recycled water. The Consultant shall propose an efficient methodology and design for supplementing the water demand with recycled water. The Consultant shall also determine the water requirements for firefighting purposes and its associated network.
- 5.4.8.4 The Consultant shall design the network required for supply of potable, recycled water and fire-fighting water for the designated area. The network shall include design and location of water storage requirements, pumping requirements, standpipes and other such components. The network shall be designed up to each parcel level. The Consultant needs to keep the potable and non-potable water supply connections to each parcel.
- 5.4.8.5 A water supply scheme has been proposed by the State Nodal Agency for the project area. The consultant shall validate the same and accordingly based on the proposed water supply scheme the Consultant shall design the water distribution network for the entire project area.
- 5.4.8.6 The Consultant shall propose the capacity and location of the receiving master balancing reservoirs (MBR-R) for treated industrial water inside the designated area. This reservoir will receive the treated industrial water from the Tertiary Treatment Plant (TTP). The consultant shall design the MBR in coordination with the other consultant who will design the industrial water transmission main from the TTP up to the MBR inside the designated area.
- 5.4.8.7 The Consultant shall prepare a staging plan for potable and recycled water system considering the phase-wise occupancy for the area.
- 5.4.8.8 The preliminary design for potable water network, recycled water network, including fire storage and firefighting network shall include the following but not limited to:
- a) An index plan of the distribution system as a whole, covering the entire area of supply under the proposal with zones demarcated and location of service reservoirs indicated with relevant hydraulic data. The distribution system should indicate sizes of mains, numbers, locations and capacities of UG/ OH tanks, hydraulic level and other appurtenances proposed in the system.
 - b) Longitudinal section of conveying mains, indicating the location of sluice valves on the main, scour valves, air valves and other appurtenances
 - c) Material of pipes and diameter of pipes
 - d) Designs and general arrangement for MBR and pumping arrangement
 - e) A schematic diagram indicating the levels of the various components of the project.
 - f) Engineering calculations for Storage capacities proposed their elevation and its costs.
 - g) Distribution system with salient features e.g. intermediate OH/ UG tanks, pumping stations, connections, valves etc.
 - h) Hydraulic calculations of distribution and conveying mains.
 - i) The Consultant shall determine location and size of required intermediate lifting stations and prepare hydraulic design, pump house, wet well/ dry well details, pump capacities and power

requirement, pumping machinery, suction pipes, rising main, delivery main, indicative civil hydraulic electrical mechanical details, DG sets etc.

5.4.9 Preliminary design for drainage network

- 5.4.9.1 The Consultant shall prepare the storm water management system for the designated area considering that the flood management system shall be in place at a future date. The Consultant shall propose flood mitigation strategies in preliminary design of roads and drainage network in the interim, before the flood management system is in place.
- 5.4.9.2 The Consultant shall analyse the data and prepare the preliminary design for drainage network by:
- Considering and freezing of design criteria for the various parameter to design drainage system
 - Determine storm water runoff quantities by dividing the catchment into different zones.
 - Design and preparation of schematic network
- 5.4.9.3 As part of the preliminary design of drainage network, the consultant shall prepare the following but not be limited to:
- Prepare preliminary design documents including drawings and outline specifications for required storm water facilities.
 - Preliminary design for the storm water drainage network with pipe diameters / channel dimensions.
 - Determine the locations and dimensions of the storm water culverts along the roads.
 - Determine the outfall points of the storm water drainage network.
 - Determine location and size of storm water pumping stations, sluice gates/flood control structure at outfall or at intermediate level if required
 - Determine the interconnection with the outside storm water drainage network
 - Harvesting of surface runoff and measures to promote ground water recharge through rainwater harvesting system
 - Analysis of the SWD system, alignment and position of storm water drainage along the road giving the details of size of drains, invert levels of the drains, HFL and road edge level.
 - Longitudinal Plan for main drains
 - Typical sections of drains, channels etc.
 - Determine proposed formation level, storm water network with internal, peripheral drain and main channel up to discharge point with table indicating High flood level (HFL), Invert level (IL), Discharge, velocity, freeboard data.
 - The Consultant shall determine location and size of required intermediate lifting stations and prepare hydraulic design, pump house, wet well/ dry well details, pump capacities and power requirement, pumping machinery, suction pipes, rising main, delivery main, indicative civil hydraulic electrical mechanical details, DG sets etc.

5.4.10 Preliminary design for sewerage network, Industrial effluent collection and Effluent disposal network

- 5.4.10.1 The Consultant shall prepare preliminary engineering design of sewerage, Industrial effluent collection and effluent disposal network serving the parcels up to the designated location of the treatment plant and disposal point. The network shall be designed such that recycled water can

be introduced back into the network for various types of use. As per national and local norms, the Consultant shall establish treated effluent discharge requirements aiming towards Zero Discharge.

- 5.4.10.2 The Consultant shall be required to finalize and adopt the following but not limited to, design parameters
- a) Per capita sewage and effluent generation
 - b) Peak flow
 - c) Minimum and Maximum velocity of flow
 - d) Flow conditions for various size of pipes
 - e) Material of pipe
 - f) Minimum depth of sewer
 - g) Maximum depth in relation to water table
 - h) Infiltration factor
 - i) Formula for calculation for design of sewer
 - j) Coefficient of various formulas
- 5.4.10.3 The Consultant shall evaluate the pre-treatment standards for each type of industries before discharge of their effluent in to trunk collection system to common acceptable level as per national and local standards.
- 5.4.10.4 The Consultant shall determine location and size of required intermediate lifting stations and prepare hydraulic design, pump house, wet well/ dry well details, pumping machinery, suction pipes, rising main, delivery main, indicative civil hydraulic electrical mechanical details, DG sets etc.
- 5.4.10.5 The Consultant shall determine number, size, location and type of required sewage treatment plants (STP) and staging plan for construction of collection and treatment system. The Consultant shall explore various options available for sewage treatment for each type of plant. The Consultant shall prepare the preliminary design for each treatment plant determining the area requirement, technology used, phasing, discharge parameters and other aspects to be used for treatment. The Consultant shall also identify alternate sludge management technologies and options.
- 5.4.10.6 The Consultant shall design the industrial effluent collection system with discharge of the collected industrial effluent to the CETP.
- 5.4.10.7 As part of preliminary design of sewerage, industrial effluent collection and effluent disposal network, the consultant shall prepare the following but not limited to:
- a) Individual layout plan of networks from parcel to treatment/disposal point showing pumping stations, sump, invert levels and other relevant information
 - b) Demand/ Generation calculations and hydraulic design of the individual network with pipe diameter, pipe materials, no of manholes, depth of the manholes etc
 - c) Longitudinal Plan of the main network
 - d) Typical details of manholes and other ancillary structures,
 - e) Outline parameters and GA drawing of treatment plants
 - f) Typical plans and sections showing indicative details, materials and specifications

5.4.11 Preliminary design for power supply

- 5.4.11.1 The Consultant shall prepare the preliminary design for power supply keeping the following but not limited to in perspective such as safety to personnel, minimum fire hazards and risk, minimizing

power losses, reliability of system to the extent possible, ease of maintenance, automatic protection of all electrical equipment through selective relaying system and scope for future expansion.

- 5.4.11.2 The Consultant shall study the existing planning for EHT and HT transmission network of State Transmission for the entire area and thereafter coordinate the plan for the Sub-station location. The proposed equipment and preliminary design for distribution sub-station should be prepared with reference to the load flow analysis taken up by State Transmission prior to finalisation.
- 5.4.11.3 The Consultant shall prepare a load forecast based on plot mix, type of industrial units, future expansion plans and requirements of power consuming utilities/ facilities. Consultant should clearly specify the overhead and underground transmission network arrangement with respect to voltage level and physical site and ground conditions, in consultation with relevant authorities. The Consultant shall design the network such that integration with ICT network is possible wherever required.
- 5.4.11.4 The Consultant shall plan the following aspects but not limited to:
- Planning of Main Receiving Sub Stations (MRSS) and source of electricity within the overall framework of Industrial Area.
 - Planning and layout of electricity distribution system, network and internal substations.
 - Develop Utility Profile including demand assessment
 - Design electricity distribution system, which comply with the following but not limited to relevant regulations, latest concepts such as Smart Grids, codes of practices and byelaws.
 - Preliminary design of the sub heads of the substations and distribution networks.
 - Broad construction costs of the recommended option based on preliminary design
 - Determine requirement for standby engine-generation power supplies within the development to support critical loads.
 - Prepare general layout of underground electrical high and low voltage power distribution system.
 - Develop standards for street lighting to be used throughout development.
- 5.4.11.5 As part of the preliminary design for power supply, the Consultant shall prepare the following but not limited to:
- Report on Design norms and Standards, forecasting power demand, network planning, specifications, systems of maintenance and operation
 - Details related to HT/LT lines, Grid substation, MSS, ESS Transformer, LT cable, stitch yards feeder pillar etc.
 - Illumination level proposed for particular type of road.
 - The arrangement and type of lighting proposed (linear, one side, opposite staggered or central verge) sodium mercury, fluorescent, metal, heads etc.
 - Lighting distribution diagram for particular type of road with arrangement proposed.
 - Power supply distribution and control arrangement proposed.
 - Decorative post of lanterns for garden and open areas.

5.4.12 Preparation of Waste Management Plan

- 5.4.12.1 The Consultant shall cover the following as part of Waste Management Plan but not limited to:

- a) Characterisation and quantification of solid waste and hazardous waste to be generated during construction stage and operation stages of the project

6.3.5.3 The Parties agree that neither Party shall be able to suspend or excuse the non-performance of its obligations hereunder unless such Party has given the notice specified above.

6.3.6 Extension of Time: Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

6.3.7 Payments: During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultants shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the services and in reactivating the services after the end of such period.

6.4 Termination

6.4.1 By the client: The Client may terminate this Contract, by not less than thirty (30) days' or sixty (60) written notice of termination to the Consultants, to be given after the occurrence of any of the events specified in this clause:

- a) if the Consultants do not remedy a failure in the performance of their obligations under the Contract, within a period of sixty (60) days, after being notified or within such further period as the Client may have subsequently approved in writing;
- b) within thirty (30) days, if the Consultants become insolvent or bankrupt;
- c) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days;
- d) within thirty (30) days, if the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to relevant clauses hereof;
- e) within thirty (30) days, if the Consultant submits to the Client a false statement which has a material effect on the rights, obligations or interests of the Client. If the Consultant places itself in position of conflict of interest or fails to disclose promptly any conflict of interest to the Client;
- f) within thirty (30) days, if the Consultant, in the judgment of the Client has engaged in Corrupt or Fraudulent Practices in competing for or in executing the Contract;
- g) if the Client, in its sole discretion and for any reason whatsoever, within a period of sixty (60) days' decides to terminate this Contract.

6.4.2 By the Consultants: The Consultants may terminate this Contract, by not less than thirty (30) day's' written notice to the Client, such notice to be given after the occurrence of the events specified in this clause:

- a) if the Client fails to pay any money due to the Consultants pursuant to this Contract and not subject to dispute pursuant to relevant clauses hereof within forty-five (45) days after receiving written notice from the Consultants that such payment is overdue; or

- b) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days.

6.4.3 Cessation of Rights and Obligations: Upon termination of this Contract pursuant to actual Termination, or upon expiration of this Contract pursuant to relevant clause hereof, all rights and obligations of the Parties hereunder shall cease, except (i) such rights and obligations as may have accrued on the date of termination or expiration, (ii) the obligation of confidentiality set forth in relevant clause hereof, (iii) the Consultant's obligation to permit inspection, copying and auditing of their accounts and records set forth in Clause 3.6 hereof, (iv) the rights of indemnity of the Client specified in clause 11 and (v) any right which a Party may have under the Applicable Law.

6.4.4 Cessation of Services: Upon termination of this Contract by notice of either Party to the other pursuant to relevant clauses hereof, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Client, the Consultant shall handover all project documents under procedure described in this contract.

6.4.5 Payment upon termination: Upon termination of this Contract, the Client will make the following payments to the Consultants:

- a) Remuneration pursuant to relevant clauses for Services satisfactorily performed prior to the effective date of termination;
- b) If the Contract is terminated pursuant to Clause 6.4.1a), b), d), e) or f), the Consultant shall not be entitled to receive any agreed payments upon termination of the Contract. However, the Client may consider to make payment for the part satisfactorily performed on the basis of the quantum merit as assessed by it, in its sole discretion, if such part is of economic utility to the Client. Under such circumstances, upon termination, the Client may also impose liquidated damages as per the provisions of relevant clauses of this Contract. The consultant will be required to pay any such liquidated damages to Client within 30 days of termination date.

6.4.6 Disputes about Events of Termination: If either Party disputes Termination of the contract under relevant clauses hereof, such Party may, within forty-five (45) days after receipt of notice of termination from the other Party, refer the matter to arbitration under relevant clauses hereof, and this Contract shall not be terminated on account of such event except in accordance with the terms of any resulting arbitral award.

6.5 Obligations of the Consultants

6.5.1 General: The Consultants shall perform the Services and carry out their obligations hereunder with all due diligence, efficiency and economy, in accordance with generally accepted professional techniques and practices, and shall observe sound management practices, and employ appropriate advanced technology and safe methods. The Consultants shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the Client, and shall at all times support and safeguard the Client's legitimate interests in any dealings with Sub-consultants or third parties. Since the Delhi Mumbai Industrial Corridor

project is to be implemented as a joint venture between State Government and NICDC, any State Government agency as appointed by the State Government is to be continuously consulted, besides the Client, as a major stakeholder in the Project.

6.5.2 Conflict of interest

6.5.2.1 Any breach of an obligation under Clause 6.5.2 shall constitute a conflict of interest (“Conflict of Interest”). The Consultant shall comply and shall ensure the Sub-consultants and Affiliates of the foregoing comply with the provisions of Clause 6.5 and any breach of such an obligation shall constitute an event of default by the Consultant for the purposes of this Contract. The Consultant shall promptly disclose any Conflict of Interest to the Client. For the avoidance of doubt, the Consultant agrees that a disclosure of any Conflict of Interest shall not in any manner whatsoever be deemed to cure such Conflict of Interest.

6.5.2.2 Consultants Not to Benefit from Commissions, Discounts, etc.: The remuneration of the Consultants pursuant to relevant clauses hereof shall constitute the Consultant’s sole remuneration in connection with this Contract or the Services, and the Consultants shall not accept for their own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Consultants shall use their best efforts to ensure that the Personnel, any Sub-consultants and agents of either of them, similarly shall not receive any such additional remuneration.

6.5.2.3 Consultants and Affiliates Not to Engage in Certain Activities: The Consultants agree that, during the term of this Contract and after its termination, the Consultants and their affiliates, as well as any Sub-consultant and any of its affiliates, shall be disqualified from providing goods, works or services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services for the period of two years.

6.5.2.4 Prohibition of Conflicting Activities: Neither the Consultants nor their Sub-consultants nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

- a) during the term of this Contract, any business or professional activities which would conflict with the activities assigned to them under this Contract; and
- b) after the termination of this Contract, such other activities as may be specified in the SC.

6.5.3 Confidentiality: The Consultants, their Sub-consultants, and the Personnel of either of them shall not, either during the term or within two (2) years after the expiration of this Contract, disclose any proprietary or confidential information relating to the Project, the Services, this Contract or the Client’s business or operations without the prior written consent of the Client.

6.5.4 Consultant’s Actions Requiring Client’s Prior Approval: The Consultants shall obtain the Client’s prior approval in writing before taking any of the following actions:

- a) entering into a subcontract for the performance of any part of the Services, it being understood (i) that the selection of the Sub consultant and the terms and conditions of the subcontract shall have been approved in writing by the Client prior to the execution of the subcontract, (ii) that the Consultants shall remain fully liable for the performance of the Services by the Sub consultant and its Personnel pursuant to this Contract, (iii) that the extent

of sub-contracting would be restricted to 30 (thirty) percent of the contract price, and (iv) the Client will be provided by the Consultant with particulars (name, financial & technical background, sub-consultancy fee) of the sub-consultant.

- b) appointing such members of the Personnel, as are not mentioned in the Technical Proposal, and
- c) any other action that may be specified in the SC.

6.5.5 Reporting Obligations: The Consultants shall submit to the Client the reports and documents specified in TOR, in the numbers, and within the periods set forth in this contract.

6.5.6 Documents Prepared by the Consultants to be the Property of the Client: All plans, drawings, specifications, designs, reports, other documents and software submitted by the Consultants pursuant to this contract shall become and remain the property of the Client, and the Consultants shall, not later than upon termination or expiration of this Contract, deliver all such documents and software to the Client, together with a detailed inventory thereof. The Consultants may retain a copy of such documents and software. Restrictions about the future use of these documents and software, if any, shall be specified in the SC.

6.5.7 Liability of the Consultants: Subject to additional provisions, if any, set forth in the SC, the Consultants' liability under this Contract shall be as provided by the Applicable Law.

6.5.8 Insurance to be taken out by the Consultants: The Consultants (i) shall take out and maintain, and shall cause any Sub consultants to take out and maintain, at their (or the Sub consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverages, as shall be specified in the Special Conditions (SC), and (ii) within 15 (fifteen) days of receiving any insurance policy certificate in respect of insurances required to be obtained and maintained under this clause, the Consultant shall furnish to the Client, copies of such policy certificates, copies of the insurance certificates and evidence that the insurance premium have been paid in respect of such insurance. No insurance shall be cancelled, modified or allowed to expire or lapse during the terms of this Contract. (iii) if the Consultant fails to effect and keep in force the aforesaid insurances for which it is responsible pursuant hereto, the Client will apart from having other recourse available under this Contract have the option without prejudice to the obligations of the Consultant, to take out the aforesaid insurance, to keep in force any such insurances, and pay such premia and recover the costs thereof from the Consultants, and the Consultants shall be liable to pay such amounts on demand by the Client. (iv) the insurance policies so procured shall mention the Client as the beneficiary of the Consultants and the Consultants shall procure an undertaking from the insurance company in this regard.

6.6 Consultants' personnel

6.6.1 Description of Personnel

6.6.1.1 The titles, agreed job descriptions, minimum qualifications and estimated periods of engagement in the carrying out of the Services of the Consultants' core team are described in this contract. The core team are hereby approved by the Client. If additional work is required beyond the scope of the Services specified in TOR, the level of effort and/or staff assigned may be increased by agreement in writing between the Client and the Consultants,

and the cost relating thereto shall be determined as per the man month rates indicated in the financial bid.

6.6.1.2 If required to comply with the provisions of this Contract, adjustments with respect to level of effort, staff assignments, time may be made by the Consultants by written notice to the Client, provided (i) that such adjustments shall not alter the originally estimated period of engagement, scope, qualifications of team or deliverables and (ii) that the aggregate of such adjustments shall not cause payments under this Contract to exceed the ceilings set forth in this Contract. Any other such adjustments shall only be made with the Client's prior written approval.

6.6.2 Removal and/or Replacement of Key Personnel

6.6.2.1 The Client will not normally consider substitutions except in cases of incapacity of key personnel for reasons of health.
